Policy Document on the Green Campus

Our college has been doing every single effort to make the college campus "green campus". We have been incorporating and promoting all the environment friendly practices and educational initiatives to support long-term sustainability and ecological awareness on campus.

OBJECTIVE

To establish a green, sustainable campus and, to engage the students in environmental awareness campaigns.

To educate students on environment, and its importance.

To conserve and protect natural resources.

POLICY:

Various initiatives have been taken to make the Campus Clean and green. Our college is fully committed to promote clean and green campus inside and outside the campus following the guidelines to the Swachh Bharat Abhiyan.

Staff and students are motivated to make a positive contribution for the green and clean campus by organizing various cleanliness and hygiene drive in the campus.

The several activities conducted by N.S.S. unit of our college have been significantly contributing to green and clean initiatives of our college.

Proper waste management mechanism is in place for ensuring hygiene and cleanliness in the campus.

Annual tree plantation drive is launched to encourage students to plant more and more trees.

CLEAN AIR INITIATIVE-

Smoking is strictly forbidden in the campus of the college to prevent air pollution.

Most of our students use bicycles as a mode of transportation.

PLASTIC FREE CAMPUS-

All students are encouraged to refrain from using non-biodegradable plastic items, including plastic bags, cups, plates, small drinking water bottles, straws, and sachets.

The college has made it mandatory to all the students to use paper plates and paper cups only during college programs so that we can systematically reduce the use of plastics on campus.

The students have been sensitized about the harmful effects of plastics and make their households plastic-free.

ALTERNATE ENERGY SOURCES & ENERGY CONSERVATION INITIATIVES INSTITUTIONAL REPORT

Our institution has been making all the efforts so that there will be less power consumption. All the classrooms, laboratories and washrooms use LED lights which help in reducing the consumption of electricity overall.

The purchase of solar panel is also proposed.

Our staff and students have been educated on the importance of saving electricity.

MANAGEMENT OF THE VARIOUS TYPES OF DEGRADABLE AND NON- DEGRADABLE WATER INSTITUTIONAL REPORT

The college has effective solid and liquid waste management systems in place.

Solid waste is generated mainly from classrooms, examination, library, and office.

The paper waste generated from these areas are disposed of. Or sold to paper vendors.

The biodegradable waste is filled in composters.

Non-degradable waste is disposed of by handing over to town ghanta gadi.

Liquid waste management - The wastewater is disposed of as per set guidelines through the drainage system.

WATER CONSERVATION INSTITUTIONAL REPORT

The college makes efforts to conserve water through rain water harvesting,

The college ensures that the students are counselled in person on the importance of the water and its conservation.

Green Campus Initiatives INSTITUTIONAL REPORT

The institution has taken several initiatives to promote green campus so that the adverse impact on the environment could be minimized.

Our institute is located in the vicinity of lush green environment therefore, there is less pollution in the campus.
